Dear [PROVIDER-NAME] [NAME] , [ADDRESS]. [POSTCODE]

DOB: [DATE] , Hospital Number: [MED-ID] , NHS Number: [NHS-NO]

This lady was reviewed in the clinic as regards dyspareunia. [NAME] describes this symptom since ileoanal re-anastomosis was done two years ago. [NAME] has suffered intermittently with pouch examination there is a well-defined tender area on the posterior vaginal wall one inch inside introitus. This may very well be related to the procedure undertaken. Following discussion we have referred her to the colorectal surgeons to obtain their opinion. I have arranged to see gynaecology clinic in four months' time.

Thanking you

Yours sincerely
