Dear Mr [NAME] , [ADDRESS]. [POSTCODE]

DOB: [DATE] , Hospital Number: [MED-ID] , NHS Number: [NHS-NO]

I would be grateful if you would consider seeing Mrs [NAME] a 51-year-old lady who was initiated to us two years ago with history of dyspareunia. She described these symptoms since she had a re-anastomosis done following a subtotal colectomy for ulcerative colitis. On examination the well-defined tender area one inch inside the introitus on the posterior vaginal wall. She has suffered with intermittent pouchitis.

I would very much appreciate for your opinion regarding this.

Thanking you in anticipation.

Yours sincerely

[PROVIDER-NAME]

Specialist Registrar to Gunter Rienhardt

Consultant Obstetrician and Gynaecologist (Special Interest in Urogynaecology)
